

# Dear Sir or Madam, Dear esteemed members and business associates,

Berliner Volksbank had a very successful and forward-looking business year. Gross profit rose by 12.5 percent while administrative expenses stabilized. Given the challenges faced in the current market environment, this is a remarkable result. A historically low interest environment and a rise in regulatory legislation have come to dominate the market. The resulting pressure on margins is placing a strain on commercial banks in Germany. Berliner Volksbank circumspectly initiated measures to counter these special circumstances at an early stage.

Our excellent result is predominantly driven by the acquisition of 14,435 new members and a stable demand for loans, in particular mortgage loans.

We are convinced that our customers' lively interest in property investments will continue in the next few years, reflecting the crucial importance of the residential building industry not only for our region but also for the metropolis of Berlin and its commuter belt in Brandenburg. Around 250,000 people are expected to move to the German capital by 2030. Berliner Volksbank already established a separate business segment, which provides services to real estate customers and investors, many years ago. We provide reliable services to Berlin's and Brandenburg's residential property companies, housing associations, construction companies, building trade and property developers as well as private customers planning to build or acquire residential property. This business segment is performing exceedingly well and is making a notable contribution to our

overall result. In the future, Berliner Volksbank intends to continue expanding while fulfilling its important role in the field of development support in the capacity of cooperative bank in Berlin and Brandenburg. Since 2009, the bank has financed 35,000 housing units and has helped create approx. 2.6 million square metres of new habitable surface in the process.

#### **Business trend**

As a consequence of the rise in members to 146,386, the bank's book equity increased to a total of 800.4 million euros — a 5.6 percent rise. At 10.5 percent, the tier 1 capital ratio is almost twice the 5.5 percent currently required by the supervisory authorities.

The lending business, which rose by 4.8 percent to a total of 7.0 billion euros, remains our main driver of growth. 47 percent of the customers' lending volume is

being invested in land and residential property. Compared to the previous year, customer deposits once again rose significantly by 5.3 percent (459.1 million euros) to a total of 9.1 billion euros.

The customer business and the bank's own investments are driving the increase in gross profits, which rose by 42.6 million euros (12.5 percent). The net interest income, which increased by 33.5 million, includes income from special fund distributions which were utilized to bolster the balance sheet. The net commission income also followed a positive trend, rising by 8.1 million euros (8.9 percent).

The cuts in administrative expenses were consistently pursued and a 5.1 percent decline was achieved in 2014. The result of operations increased substantially by 56.6 million euros to 105.9 million euros.

"Not only does becoming a member of Berliner Volksbank pay off for the individual, it also makes an important contribution to society."

Dr. Holger Hatje

The bank has used its excellent result to meet past liabilities. The gap in pension liabilities arising from the German Act on the Modernisation of Accounting Law (BilMoG) was closed and the debtor warrant arrangement with the BVR protection scheme settled, thus concluding the restructuring of the bank. On top of this, further funds were allocated to the retirement reserves pursuant to Section 340f HGB [German Commercial Code]. As a result, at 16.2 million euros, the annual net result generated by Berliner Volksbank is on a similar level as in the previous year. A 3 percent dividend (12.9 million euros) was distributed among the members.

As per 31 December 2014, Berliner Volksbank employed 1,986 members of staff, among them 72 trainees. The bank has around 100 branches in Berlin and Brandenburg.

Best regards,

Dr. Holger Hatje

**Dr. Holger Hatje**CEO of Berliner Volksbank

### Berliner Volksbank

#### Company profile in brief

- A privately organized financial institution and one of the largest regional cooperative banks in Germany with 146,386 cooperative members
- 1,986 competent and friendly employees
- An extremely dense network of about 100 branches in the German Federal States
   Berlin and Brandenburg
- Traditional association with and particular obligation to small- and medium-sized enterprises
- Fitch-Rating: AA-, outlook: stable
- Standard + Poor's Rating: AA-, outlook: stable

#### The perfect basis for a partnership

- As a cooperative financial institution, partnership-based cooperation with our international customers and correspondent banks has always been a matter of course for us.
- The combination of our choice location in the heart of Europe, our optimum size and our many decades of experience in international banking have made us an ideal partner in Europe.
- As one of the largest regional cooperative banks in Germany, we guarantee costeffective, efficient and rapid handling of your international business and transactions.
- At the same time, we are flexible enough to offer our partners and customers individual solutions whenever needed.

Mortgage loans, insurance, leasing, home loan and savings transactions, investment or real estate funds — all cooperative banks, irrespective of their size, offer their customers the entire range of financial services provided by the Volksbanken Raiffeisenbanken cooperative financial group. The decentralized association system offers a wide range of services without centralized administration. The following enterprises are part of this network:

- Bausparkasse Schwäbisch Hall AG
- R+V Versicherung AG
- The Union Investment Group
- Deutsche Genossenschafts-Hypothekenbank AG
- Münchener Hypothekenbank eG
- TeamBank AG
- The cooperative's central institutions: DZ BANK AG and WGZ Bank AG
- VR LEASING AG and VR FACTOREM GmbH
